SUMMARY

Information Technology student specializing in Web and Mobile Application Development with experience in frontend development, UI/UX design, quality assurance, requirements gathering, and project coordination. Seeking an information technology internship opportunity to develop my technical expertise and gain practical experience in software development.

PROJECT EXPERIENCE

Frontend Developer, UI/UX Designer, and Quality Assurance | FEU Centralized Operations Platform

Student Discipline and Guidance Referrals with AI-Assisted Asset Resolution

- Designed the web application interface in Figma and developed the mobile application frontend in Microsoft Power Apps, creating interactive prototypes and user-centered workflows during discovery and pre-production.
- Worked with the Guidance Counseling Office, Office of Student Discipline, and IT Support Office to gather requirements, plan workflows, demonstrate the system, and validate features through user acceptance testing for a platform intended to support more than 15,000 FEU Manila students.
- Managed project documentation, proofreading, approval routing, and capstone compliance; coordinated task assignments and deliverables to support project progress.

LEADERSHIP EXPERIENCE

Director for Sports, Information Technology | Alliance of Information Technology Students (AITS)

August 2024 - July 2025

- Represented the Information Technology student body in planning meetings, proposal reviews, debriefings, and university sports events during the 2024-2025 academic year.
- Supported more than 75 BSIT teams across three Intramurals seasons by managing registration, eligibility checks, and participation requirements.
- Collaborated with the Student Coordinating Council, FEU Tech organizations, and university offices to deliver Sports Clinics, Intramurals, and the Inter-Campus Tamaraw Games across four FEU campuses.
- Maintained team records and event documentation to improve participant tracking, verification, and event operations.

Secretariat | Technology Innovation in Capstone Project (TICaP)

August 2026 - Present

- Prepared and organized official documents for office use.
- Monitored project submissions and tracked each group's submission status.
- Recorded meeting discussions, decisions, and action items in meeting records.

EDUCATION

Bachelor of Science in Information Technology, specializing in Web and Mobile Application Development
FEU Institute of Technology | 2023 - Present

Senior High School, Science, Technology, Engineering, and Mathematics
Saint Joseph School of Gagalangin | 2021 - 2023 | Graduated with honors; General Average: 94.04

TECHNICAL SKILLS

Programming: JavaScript, PHP, Python, C++, Kotlin
